GENERAL RULES AND REGULATIONS

All pre-registration entries must reach Dr. Hofsaess at Delaware Valley College, Doylestown, PA 18901; phone (215) 345-1500, ext 2321 or 2308 no later than April 14, on entry form attached. Fax: 215-489-2347.

There will be a coaches meeting one hour after the last class is placed to discuss purpose of and help develop rules for future contests.

The members of each team and their coaches shall report to the Feldman Agriculture Building by 8:45 Am, Saturday, April 22, 2006

Each contestant will be assigned a number and given such instructions as deemed necessary. Participants shall not have an opportunity to ask questions while the contest is in progress. There shall be no conferring between contestants or between a contestant and anyone else, except as directed by the person in charge of the contest or his representative. Officials for the contest shall confer only with each other during the contest.

Contestants and coaches are not allowed to enter the livestock barns prior to the contest.

Eligibility: Each team is to consist of three members. Each organization may submit teams of four individuals, with the low scoring member of each team being designated as an alternate for that team, but eligible for an individual award.

Reasons: Contestants shall give oral reasons, two minutes in length, on three classes (one each on cattle, sheep and swine). Before the contest starts, the contestants shall be notified on which classes reasons shall be required in order that contestants may take notes.

Delaware Valley College will supply official place cards. Each contestant should supply their own pencils and paper for reasons notes. It is permissible to use a plain, unmarked clip board during the contest.

Ring Judges: The contest will include seven classes of four animals each. Number of classes or elimination of a type of class may be necessary if quality or quantity of animals are not available.

Determination of Ratings: Ratings shall be based upon a possible score of 50 points for each class placed and 50 points for each set of reasons. The final rank of each contestant shall be determined by totaling his grades on placing and reasons. Points made by teams shall be determined by adding points of members. Team ranks are determined by points made by members; that is, the highest number of points gives first place, etc.

Ties: When there is a tie, it shall be decided in favor of the contestant having the highest reason scores, followed by highest placing total. If there still is a tie, the contestant with the highest total swine class score will be the tiebreaker.

Showing Animal: Ten minutes will be allowed for placing each ring for placing and reasons classes. The contestants shall be notified at the end of ten minutes and collection of cards shall begin. All cards will be collected by twelve (12) minutes.

The animals will be held in a careful manner so that all contestants may have an equal opportunity to examine them. The animal, for identification, shall be numbered 1-4 inclusive. When the animals are aligned side by side, the numbers will be from left to right (1-4), as viewed from the rear.

Official Placing and Grading: A competent committee will select the classes. Another committee will make the official placing and listen to oral reasons from the contestant. In grading the placing of the contestants, the individual cuts between the respective animals shall be supplied by the official judges. The cuts total shall not exceed 15 points. If, in the opinion of the official judging committee, total cuts should be less than 15 points due to closeness of placing within the entire class, such lesser total may be used.
